31. AUDITORS’ REPORT

31.1. Statutory Audit Report

There are qualified opinions made by the Auditors in their Report. Clarifications of the Management in respect of qualified opinions of Auditor’s Report are as follows:

S. No.	QUALIFIED OPINION	MANAGEMENT REPLY
1	(a) Non-provision of the expected credit loss/ impairment. The Company has not recognized provision for the expected credit loss/impairment as required under Ind-AS 109 relating to overdue overseas Trade Receivables - “M/S Satwa Precious Metals & Bullion Trading (FZE)” of Rs. 15270.23 Lakhs (including unrealized foreign currency exchange gain of Rs. 2569.31 lacs as per Ind-AS 21) as the Company has filed a recovery suit against the said overseas debtor before the Honourable Sub Court of North Parvor. The Honourable Court has passed an interim order in favour of the Company that it has jurisdiction to try the suit and further the overseas debtors have not contested the dues before the Court. The said overdue trade receivables is outstanding from more than four years. The recovery of this trade receivable is dependent upon outcome of the Court proceedings initiated by the Company and hence presently the Company is not in a position to make a reasonable estimate of the likely amount of provision to be created. In light of the aforementioned facts and	Trade Receivables are classified as Financial Instruments under Ind-AS 109 and the Company is required to provide for impairments/ obligations as per “Expected Credit Loss (ECL) Method. Since the matter is still being decided by the Honourable Court the Company is presently not in a position to quantify the impairment amount as per the said accounting standards and hence has decided to wait for the Court’s outcome before providing for any “Expected Credit Loss” under Ind-AS 109. For a more detailed understanding of the Company’s instance in this matter kindly refer to “Trade Receivables” in the Notes to Accounts.

S. No.	QUALIFIED OPINION	MANAGEMENT REPLY
	with nil provisioning the impact in the Financial statements would be decrease in trade receivable by Rs.15,270.23 Lakhs and consequent decrease in profits and increase in losses will be amounting to Rs.15,770.37 Lakhs and retained earnings would have decreased by Rs.15,270.23 Lakhs and become negative of Rs.(-)Rs.9,178.63 Lakhs.	
2	Material Uncertainty related to going concern The Company's operating results have been materially affected due to various factors including non realization of Trade receivables, notional unrealized foreign exchange gain/loss on unsecured and doubtful overseas debtor, reliance on cash sales for meeting out expenses, pending income tax demands etc. These events cause significant doubts on the ability of the company to continue as a going concern. The appropriateness of the going concern assumption is dependent on recoveries from overseas Trade Receivable and/ or the company's ability to raise adequate finance from alternative means to meet its obligations as and when they arise and as well as to establish consistent business operation. These situation indicates that material uncertainty exists that cast significant doubts on the company's ability to continue as a going concern.	Management is of the view that notional foreign exchange gain or loss does not have any material impact on the Cash flows or going concern, as the same is provided as per the requirements of Ind-AS 21. Secondly the income tax demands also do not significantly impact the going concern concept due to the reasons mentioned in the Notes to Accounts.As regards reliance on cash sales, the Company does not have any debt or line of credit from banks or financial institutions or any other lender and its revenue is solely from its retail showroom operations. The operations of which has been severally impacted due to the Covid-19 pandemic. Further the Promoter has been unable to actively manage the Company or nominate directors on the Board of the Company nor support in any fund raising activities since his entire shareholding has been locked in an escrow account since 2014 under SEBI regulations as his open offer was awaiting SEBI clearance since then. SEBI very recently vide its adjudication order dated 17.6.2021 has allowed the promoter to go ahead with the said open offer with certain conditions. Since the order has been received very recently and further since 45 days from the date of the order is available for appeal or otherwise the exact impact of the order is being studied by the Company.Hence the management is of the opinion that the Profit and Loss Account and Cash Flow Statement for the year ended March 31,2021 and the Balance Sheet as at March 31, 2021 are materially correct and there is no material impact of the audit qualification.

31.2. Secretarial Audit Report

Observation:

The Board of Directors of the Company was duly re-constituted with proper balance of Executive Director, Non-Executive Director and Independent Directors except the non-compliance of Regulation 17(1)(c) of SEBI (LODR) Regulations, 2015 to the extent of having less than 6 directors on its Board even after the Company falls under top 2000 listed entities based on market capitalization as on March 31, 2021.

Clarification:

The Company due to Covid-19 pandemic was unable to reconstitute its Board with the prescribed time and this was further compounded by some of the Board Members becoming unwell due to Covid-19. Further one of the shortlisted candidates himself was affected by Covid-19 and hence could not present himself before the Board.

In spite of the aforementioned challenges and unprecedented situation the Company duly re-constituted its Board in compliance with Regulations 17(1)(c) of SEBI (LODR) Regulations 2015 and the Stock Exchange Notice bearing No. 20210615-38 dated 15.6.2021 on June 28.2021. The same was also informed to the Stock Exchange. No subsequent action was initiated by the Stock Exchange on the Company.

The above compliance has also been noted by the Secretarial Auditors and duly captured in their report.

MANAGEMENT DISCUSSION AND ANALYSIS

(Forming Part of Director's Report)

ECONOMIC SCENARIO

Indian Economy Overview

Financial Year 2020-21 witnessed what has probably been the most pervasive pandemic in the history of mankind. The pandemic led to severe loss of lives and livelihood resulting in decline in incomes, increase in rate of unemployment, financial distress in industries which are more contact led and outdoors and increase in poverty levels across the world.

The pandemic continues to impact the world and the second wave of Covid-19 has hit some of the countries like India extremely hard. The GDP numbers plummeted in Q1 of FY2020-21 to -24.4% on account of strict lockdowns imposed by the government to curb the spread of the virus. There were mobility restrictions, disruption in sales and distribution and supply chain, reverse migration of labour force, shifts in consumer behavior towards essential categories and severe impact on retail sales channels.

With gradual unlocking of the economy, Q2 FY2020-21 saw sequential recovery, albeit the GDP growth rate remained in the negative on account of declines in construction activity and non-essential services like travel, entertainment, and hospitality industries.

Indian economy returned to the growth side in Q3 of FY2020-21 on account of pent-up demand, festive spending, and a jump in government expenditure. The big surprise in terms of the sectors of production was the healthy expansion in financial, real estate and professional services (+6.6%), and construction (+6.2%).

During Q4 the GDP reported growth of 1.6% and was on the path to recovery when the second wave of Covid-19 came like a bolt from the blue. This deadly wave has led to a huge humanitarian crisis in the country making India the second highest in the world in terms of number of cases and third highest in number of deaths. The lockdowns in various parts of the country during April and May have once again put a shadow on economic growth and is likely to impact the GDP growth going forward.

Retail inflation (average) in India, based on consumer price index (CPI), accelerated from 4.8% in FY2020 to 6.2% in FY2021. This pick-up in inflation was largely driven by food inflation which rose from 6.0% in FY2020 to 7.5% in FY2021. (Source: WHO coronavirus (COVID-19) dashboard as on April 10, 2021, International Monetary Fund (January 2021), National Statistics Office, Bloomberg)

Gems and Jewellery Retail Industry in India

The supply chain disruption and restrictions over movement of non-essential goods in April and May resulted in Jewellery demand falling sharply by 74 per cent during the first quarter of FY21. Sales linked to Akshaya Tritiya was lost and the sharp rise in gold prices further dented the consumer sentiments.

Demand also remained weak in the second quarter, declining 48 per cent year-on-year with sustained rise in gold prices and extended lockdown in key metro cities like Chennai and Mumbai.

Although Jewellery demand showed continued signs of quarterly recovery from the lows reached in Q1 when market lockdowns were at their peak, it remained very weak in Q3 and registered a fall of nearly 42 per cent year-on year basis.

Substantial wedding purchases, encouraged by declining gold prices, and improving consumer sentiment buoyed by a pick-up in economic activity, supported Indian gold Jewellery demand in Q4 of FY2020-21. Demand was 39% higher y-o-y but remained subdued compared with previous historical levels.

OPPORTUNITIES AND THREATS

Despite the immediate uncertain future which the entire economy is facing as new lock downs are imposed in various areas of the nation in response to rising Covid-19 cases, consumer confidence has dipped. This is likely to impact the recovery cycle of the industry. It is predicted there will be revival of consumer interest in gold Jewellery due to-

- Customer's preference in choosing hallmarked products over products made by un-organized manufacturers.
- In the coming years, growth in gems and Jewellery sector would largely be contributed by the development of large retailers/brands and the Company is expected to benefit from this growth in organized retail.

- Strong possibility of revival of the Indian economy after a one year pause and result in favour of discretionary spending categories.

RISKS AND CONCERNS

Currently the sales of the Company are adversely impacted due to COVID-19 and the subsequent lockdown conditions. Though the lock down is now being relaxed gradually the consumer sentiments and the footfalls are expected to remain muted for the coming few months and the situation is expected to start returning to normal only in end of FY 2021-22. However, the complete FY 2021-22 is also expected to be a de-growth year for the Company with emphasis on consolidation only.

Given the traditional nature of the category, the risks to the business are essentially regulatory (as opposed to product substitution through technology or a sudden onslaught by international brand/s) and gold price volatility.

Due to macro-economic forces, during times of great uncertainty, gold prices tend to rise internationally as well as in the domestic market. Coupled with a slide in rupee versus the dollar, this could make the base gold rate extremely high and would impact customer demand temporarily, till people get used to the new normal. However, if volatility continues in either direction, customers tend to defer their purchases. It is presently unclear how the situation would evolve in the midterm.

The company's operations has also been severally hampered due to the pending open offer approval of the promoter with SEBI from June 2014 onwards and as result the entire promoter shareholding is locked in an escrow account as per SEBI guidelines and continues. As a consequence, the Company has not been unable to raise any funds and with the promoters unable to take charge of the Company the same is presently managed by a Board consisting of a majority of Non- Executive Independent Directors.

SEBI has passed an order on June 17, 2021, allowing the Promoter to go ahead with the open offer subject to certain conditions. This order is expected to have a positive impact on the Company in the near future.

OUTLOOK

While impact of the second wave of Covid-19 is coming down as this report goes into print, the future is still uncertain. As per recent estimates released by RBI, the GDP is likely to grow at 9.5% during FY2021-22. As per estimates provided by World Bank in Global Economic Prospects June 2021, the Indian economy is expected to grow by 8.3% in 2021.

Considering that the gold Jewellery retail industry witnessed more than 35% volume contraction in FY2021, the pace of recovery is likely to be slow.

However, the sector's long-term outlook remains favorable supported by cultural underpinnings, an evolving lifestyle, growing disposable income, favorable demographic dividend, and the growing penetration of organized sector

PRODUCT-WISE PERFORMANCE

The Company is a single product entity, viz jewellery and its operations include retail and export of jewellery. The jewellery has three subsets consisting of gold, diamonds and others.

The financial statements have been prepared on a going concern basis and the accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

The highlights of the financial performance of the Company during the year are as under:

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF ATLAS JEWELLERY INDIA LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Atlas Jewellery India Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects or possible effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the Loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

A. Non-provision of the expected credit loss/impairment

The Company has not recognized provision for the expected credit loss/ impairment as required under Ind-AS 109 relating to overdue overseas Trade Receivables - "M/S Satwa Precious Metals & Bullion Trading (FZE)" of INR 15,270.23 Lakh (including unrealized foreign currency exchange gain of INR 2,569.31 Lakh as per Ind AS 21). There have been defaults in payment obligations by this overseas debtor on due date, which is outstanding for more than six years. The matter is pending before the Court and the recovery of this trade receivable is dependent upon outcome of the Court proceedings initiated by the Company. Also, the Company has applied to RBI for further extension of the timeline for realization of export proceeds (which was earlier granted up to 28th February 2021), the same has not yet been granted. In our opinion, as a consequence of no provision and non-recovery of trade receivables, the outstanding amount of the trade receivables in the financial statements would have decreased by INR 15,270.23 Lakh and would become INR 8.31 Lakh, accordingly the loss for the year would increase by INR 15,270.23 Lakh and would become loss of INR 15,770.37 Lakh; and retained earnings under other equity would have decreased by INR 15,270.23 Lakh and would become negative.

B. Material Uncertainty related to going concern

The Company's operating results have been materially affected due to various factors including non-realization of overseas trade receivables (which constitute more than 90% of the total assets), notional unrealized foreign exchange gain/loss on overseas debtor, reliance on cash sales for meeting out expenses and pending income tax demands with Income Tax Authorities. These facts/events cause significant doubts on the ability of the Company to continue as a going concern which is not only dependent on recoveries from overseas trade receivable but also on the Company's ability to raise adequate finance from alternative means to meet its obligations as and when they arise and as well as to establish consistent business operation. In the absence of any convincing audit evidences regarding certainty and time frame for recovery from trade receivables, outcome of pending legal action initiated against debtor, impact of actions and forthcoming actions that may be taken by income tax department cause a material uncertainty related to going concern as stated above, our opinion is qualified to that extent due to their effects or possible cumulative effect on the financial statements.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, subject to the possible effects of the matters described in the Basis for Qualified Opinion paragraphs, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally

accepted in India of the state of affairs of the Company as at March 31, 2021, its losses, and its cash flows for the year ended on that date.

Emphasis of Matters

We draw attention to

- i) Valuation of Inventory is based on determination of estimated net realizable value and specific identification involving technical judgment of management and which has been relied upon by us.
- ii) Refer to Note No. 1(C) to the financial statements, which describes uncertainties due to the outbreak of COVID - 19 pandemic, the company operations were impacted as all its showrooms and offices were closed. The impact of these uncertainties on the Company's operations is significantly dependent on future developments.

Our opinion is not modified in respect of above stated matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

1. Due to the second wave of Covid - 19 pandemic and lockdowns imposed by the State Governments and local authorities, the audit has been conducted remotely, through coordination and obtaining information and data online in our Office located in Delhi which has limited our ability to verify physically the documents/files and internal controls. We have relied on various statements, data and information provided online by the accounts team in our Office in Delhi. Under these circumstances, the opinion expressed in the present report is based on the limited information, facts and input made available to us in soft copy through electronic mails by the Company.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Atlas Jewellery India Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Atlas Jewellery India Limited** (the “Company”) as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

h) Property, Plant and Equipment (PPE)

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. PPE is stated at original cost net of tax/duty credits availed, if any, less accumulated depreciation, and cumulative impairment, if any. All directly attributable costs related to the acquisition of PPE and borrowing costs in case of qualifying assets are capitalized in accordance with the Company's accounting policy.

ii. Depreciation

The Company depreciates property, plant and equipment from the date the assets are available for use using written down value method based on the balance useful life of the asset retaining its residual value.

Depreciation on additions to/deductions from, owned assets is calculated pro rata to the period of use. Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

Leasehold improvements are amortized over the shorter of estimated useful life of the asset or the related lease term.

The estimated useful lives of items of property assets are reviewed and where appropriate are adjusted, annually. The estimated useful lives of assets are as follows:

Computer Equipment's	3 years
Office Equipment's	5 years
Electricals Equipment's	10 years

Advance paid towards acquisition of fixed assets outstanding at each balance sheet date is disclosed as capital advances under noncurrent assets.

iii. Disposal of assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from continued use of the asset. i) Intangible Assets

The estimated useful life of an identifiable intangible assets is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

The estimated useful lives of intangible assets are as follows:

The estimated useful life of the intangible assets and the amortization period are reviewed at the end of each financial year and the amortization period is revised to reflect the changed pattern, if any.

j) Impairment of assets

As at the end of each accounting year, the Company reviews the carrying amounts of its PPE, investment property, intangible assets, and investments to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, PPE, investment property, intangible assets and investments are tested for impairment so as to determine the impairment loss, if any. Intangible assets with indefinite life are tested for impairment each year.

k) Employee Benefits Expense**i. Short term benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are recorded as expense as the related service is provided. A liability is recognized for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii. Defined Contribution Plans

The expenditure for defined contribution plans is recognized as an expense during the period when the employee provides service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees.

Provident Fund:

Employees receive benefits from a provident fund, which is a defined contribution plan. The company makes specified monthly contribution towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

iii. Defined Benefit Plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods.

iv. Other long-term employee benefits

The employees of the company are entitled to compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation based on the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the balance sheet date. The expense on non-accumulating compensated absences is recognised in the Statement of Profit and Loss in the period in which the absences occur.

i) Leases

Leases are accounted as per Ind AS 116. The Company evaluates each contract or arrangement, whether it qualifies as lease at the inception as defined under Ind AS 116 i.e., if the contract conveys the right to –

- i. control use of an identified asset.
- ii. obtain substantially all the economic benefits from use of the identified asset and
- iii. direct the use of the identified asset

The company applies a single recognition and measurement approach for all leases except for short-term leases. The company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets. The nature of expenses related to those leases has changed from lease rent in previous periods to (i) amortization for the right-to-use asset, and (ii) interest accrued on lease liability.

The Company enters into an arrangement for lease of buildings. Such arrangements are generally for a fixed period but may have extension or termination options.

Lease payments associated with following leases are recognised as expense on straight-line basis:

- (i) Low value leases; and
- (ii) Leases which are short-term.

The Company determines the lease term as the non-cancellable period of a lease, together with periods covered by an option to extend the lease, where the Company is reasonably certain to exercise that option.

The Company at the commencement of the lease contract recognizes a Right-of-Use (ROU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term leases) and low-value assets. For these short term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the lease term.

Right Of Use Assets:

Right-of-use assets are measured at cost comprising the following:

- i) the amount of the initial measurement of lease liability
- ii) any initial direct costs
- iii) restoration costs

Right-of-use assets are depreciated over the lease term on a straight-line basis.

Lease Liabilities:

For lease liabilities at the commencement of the lease, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate is readily determined, if that rate is not readily determined, the lease payments are discounted using the incremental borrowing rate that the Company would have to pay to borrow funds, including the consideration of factors such as the nature of the asset and location, collateral, market terms and conditions, as applicable in a similar economic environment.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

Lease liability payments are classified as cash used in financing activities in the statement of cash flows.

m) Financial instruments

Financial assets and/or financial liabilities are recognised when the Company becomes party to a contract embodying the related financial instruments. All financial assets, financial liabilities and financial guarantee contracts are initially measured at transaction values and where such values are different from the fair value, at fair value. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from, as the case may be, the fair value of such financial assets or liabilities on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

A financial asset and a financial liability is offset and presented on net basis in the balance sheet when there is a current legally enforceable right to set-off the recognised amounts and it is intended to either settle on net basis or to realize the asset and settle the liability simultaneously.

Impairment of financial assets: The Company recognizes impairment loss on trade receivables using expected credit loss model which involves use of a provision matrix constructed on the basis of historical credit loss experience as permitted under Ind AS 109.

For all other financial assets, expected credit losses are measured at an amount equal to 12 month expected credit losses or at an amount equal to lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

n) Inventories

Items of inventories are measured at lower of cost and net realizable value as prescribed in Ind AS 2. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition. Net realizable value represents the estimated selling price for inventories less estimated costs of completion and costs necessary to make the sale.

o) Cash and bank balances

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and bank balances.

p) Securities premium

Securities premium includes the difference between the face value of the equity shares and the consideration received in respect of shares issued.

The issue expenses of securities which qualify as equity instruments are written off against securities premium.

q) Foreign Currencies

The functional currency and presentation currency of the Company is Indian Rupee. Functional currency of the company and foreign operations has been determined based on the primary economic environment in which the company and its foreign operations operate considering the currency in which funds are generated, spent, and retained.

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement or restatement are recognised in the statement of profit and loss.

r) Taxation

Tax Expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

Current Tax:

The current tax is based on taxable profit (or on the basis of book profits wherever minimum alternate tax is applicable) for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The

company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. And the related tax credits computed in accordance with the provisions of the applicable tax laws and based on the expected outcome of assessments/appeals.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

Deferred Tax:

Deferred tax assets and liabilities are recognised on temporary differences between the carrying amounts of assets and liabilities in the Companies' financial statements and the corresponding tax bases used in computation of taxable profit.

Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

The company offsets deferred income tax assets and liabilities, where it has a legally enforceable right to offset current tax assets against current tax liabilities, and they relate to taxes levied by the same taxation authority on either the same taxable entity, or on different taxable entities where there is an intention to settle the current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

s) Provisions and Contingent Liabilities

Provisions are recognised only when:

- (i) the Company has a present obligation (legal or constructive) as a result of a past event; and
- (ii) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- (iii) a reliable estimate can be made of the amount of the obligation Provision is measured using the cash flows estimated to settle the present obligation and when the effect of time value of money is material, the carrying amount of the provision is the present value of those cash flows. Reimbursement expected in respect of expenditure required to settle a provision is recognised only when it is virtually certain that the reimbursement will be received.

Contingent liability is disclosed in case of:

- (i) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and
- (ii) a present obligation arising from past events when no reliable estimate is possible.

t) Statement of Cash Flows

Statement of Cash Flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the company are segregated.

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as at the date of Balance Sheet.

u) Cash and cash equivalents and bank balances

Cash and cash equivalents include cash on hand, balances with banks, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

v) Earnings Per Share

Basic earnings per share ('EPS') is computed by dividing profit or loss attributable to equity shareholders of the company by the weighted average number of equity shares outstanding during the year. The company did not have any potentially dilutive securities in any of the years presented.

w) Key sources of estimation

The preparation of financial statements in conformity with Ind AS and requires that the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. The estimates and underlying assumptions made by the Company have been explained under respective policies and are reviewed on an ongoing basis. Revisions to accounting estimates include useful lives of property, plant and equipment & intangible assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, expected cost of completion of contracts, provision for rectification costs, fair value measurement etc. Difference, if any, between the actual results and estimates is recognised in the period in which the results are known.

x) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from 1st April, 2021.

The Ministry of Corporate Affairs ("MCA") issued notifications dated 24th March, 2021 to amend Schedule III to the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. The amendments are extensive, and the company will evaluate the same to give effect to them as required by law.

The amendments revise Division I, II and III of Schedule III and are applicable from 1st April 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.

Note [1] (C) Impact of Covid-19

With the declaration of COVID-19 as a pandemic in mid-March 2020, the performance of the retail stores were affected during the first half of the last financial year due to store closures consequent upon declaration of national lockdown by the Government and subsequent state-wise lockdowns.

The retail industry as a whole has been adversely impacted due to COVID-19 and consequent lockdown resulting out of it. The company being in the retail segment has also faced significant headwinds due to COVID-19 due to closure of its business establishment and retail showroom. The performance for the year ended 31 March 2021 has been impacted due to this unprecedented disruption which continued for nearly whole calendar year of 2020 in lockdown. Any impact in future will largely depend on factors such as overall improvement in Covid situation, customer confidence, etc.

During the financial year ended 31st March 2021 has indeed been a most testing one for the Company with the pandemic hitting its retail operations very significantly, particularly the first half of the financial year. However, the company did quite well on cost management including re-negotiating with certain landlords on the rent reduction/ waiver.

While resuming operations, we followed the directives issued by the authorities from time to time and also put in place various safety measures at all units like social distancing, sanitization of place and people, compulsory mask etc. to ensure the safety of our employees. A large segment of our employees worked from home, and we provided various amenities and support to make this transition comfortable.

If there is a continued and pro-longed disruption of Company's retail operations due to Covid- 19, the Company may have to resort to significant downsizing of its retail infrastructure and employee base which would have an impact on its sales and related functions.

The Company has considered such impact to the extent known and available currently. However, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration.

The company has considered the possible effects that may result from the global pandemic relating to COVID-19 on the financial statements of the company. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the company, as at the date of approval of these financial statements has used internal and external sources of information. The company has performed an analysis on the assumptions used and based on current estimates expects that the carrying amount of its assets will be recovered. The impact of COVID-19 on the financial statements may differ from that estimated as at the date of approval of these financial statements.
