# PM launches RBI's schemes for retail to partake in gilts

PTI ■ NEW DELHI

Prime Minister Narendra Modi on Friday launched two customer-centric schemes with a view to strengthen financial inclusion by ensuring participation of small retail investors in the Government securities market as well as to improve grievance redressal mechanism.

The launch of these two schemes - Reserve Bank's Retail Direct Scheme and Integrated Ombudsman Scheme - will expand investment opportunities in the country and ensure easier access to capital markets with simple and secure mechanism, he said while launching schemes through video conferencing.

At the same time, he said, Retail Direct Scheme will also help in garnering funds for development works.

Retail direct scheme has given small investors in the country a simple and safe medium of investment in gov-

ernment securities. Similarly, One Nation, One Ombudsman System has taken shape in the banking sector with the Integrated Ombudsman Scheme today, he said.

The Integrated Ombudsman Scheme seeks to merge other ombudsman schemes making it a One Nation, One Ombudsman System for the entire financial sector.

Observing that one of the biggest touchstones of any democracy is the strength of its grievance redressal system, he said, the Integrated Ombudsman Scheme will go a long way in that direction.

"Similarly, the Retail Direct Scheme will give strength to the inclusion of everyone in the economy as it will bring in the middle class, employees, small businessmen and senior citizens with their small savings directly and securely in Government securities.

## Retail inflation rises marginally to 4.48 pc in Oct

PTI ■ NEW DELHI

Retail inflation inched up to 4.48 per cent in October due to an uptick in food prices, government data showed on Friday. The Consumer Price Index (CPI) based inflation was at 4.35 per cent in September and 7.61 per cent in October 2020. According to the data released by the National Statistical Office (NSO) on Friday.

The mining sector output rose 8.6 per cent in September, while power generation increased 0.9 per cent.

The Reserve Bank, which mainly factors in CPI-based inflation while arriving at its bi-monthly monetary policy, has been tasked by the Government to keep it at 4 per cent, with a tolerance band of 2 per cent on either side.

The RBI has projected the CPI inflation at 5.3 per cent for 2021-22: 5.1 per cent in second quarter, 4.5 per cent in third; 5.8 per cent in last quarter of the fiscal, with risks broadly balanced. The retail inflation during April-June period of 2022-23 is projected at 5.2 per cent.

## IIP growth slips to 3.1 pc in Sept on waning low base effect

PTI ■ NEW DELHI

Industrial production growth slipped to 3.1 per cent in September, mainly due to the waning low base effect while mining and manufacturing sectors performed well.

The manufacturing sector, which constitutes 77.63 per cent of the Index of Industrial Production (IIP), grew 2.7 per cent in September, according to the data released by the National Statistical Office (NSO) on Friday.

The mining sector output rose 8.6 per cent in September, while power generation increased 0.9 per cent.

In September 2021, the IIP stood at 127.9 points compared to 124.1 points in the same month last year. The index stood at 122.9 points in September 2019, as per the NSO data. Thus, the data showed waning of the low base effect. The IIP growth witnessed double-digit growth from May onwards this year, mainly due to the lower base effect. The data showed that industrial production recovered in September 2020 and surpassed the pre-pandemic level of September 2019. The IIP had grown by one per cent in September 2020.

Industrial production

plunged 18.7 per cent in March last year following the Covid outbreak and remained in the negative zone till August 2020.

With the resumption of economic activities, factory output rose 1 per cent in September 2020 and grew 4.5 per cent in October. In November 2020, the factory output fell 1.6 per cent and then entered the positive territory with a 2.2 per cent growth in December 2020.

The IIP had recorded a contraction of 0.6 per cent and 3.2 per cent in January and February this year, respectively. In March, it grew 24.2 per cent.
